

Steve Parr

Upper Colorado Environmental Plant Center

The Right Seed – Selecting for Success

Goals of our Efforts

- National Seed Strategy
 - Identifying seed and research needs for appropriate ecosystem restoration
- BLM Goals
 - Making America safe and great through energy independence and shared conservation
- Colorado Plateau Native Plant Program
 - Goals 1-3 to collect, evaluate, develop and establish fields of appropriate native plant materials

IDIQ Contract

- Indefinite Delivery
- Indefinite Quantity

Products for Increase

Colorado Plateau Grasses

Colorado Plateau Forbs

Wyoming BLM Product Development

Collections Planted in 2012
