Colorado Plateau Native Plant Program Partners, Goals, and Activities

Partners	BLM - UT Bureau of Land Management - Utah	BLM - CO Bureau of Land Management - Colorado	BLM - NM Bureau of Land Management - New Mexico	BLM - AZ Bureau of Land Management - Arizona	USGS SBRC AZ US Geological Survey - Southwest Biological Research Center Flagstaff, AZ	USGS SBRC UT US Geological Survey Southwest - Biological Research Center Moab, UT	NPS National Park Service	USFS 4, 3, 2 US Forest Service Regions 4, 3, 2	Bend, OR USFS Seed Extractory	RMRS - PSSL Rocky Mountain Research Station - Provo Shrub Sciences Lab	ARS GRIN Germplasm Information Resources Network	ARS - FRRL Agriculture Research Service - Forage & Range Research Lab	NRCS - LLPMC National Resources Conservation Service - Los Lunas Plant Materials Center	UCEPC Upper Colorado Environmental Plant Center	UDWR - GBRC Utah Department of Wildlife Resources - Great Basin Research Center	Hopi Hopi Nation	Navajo Navajo Nation	Yavapai Apache Yavapai-Apache Nation	CPW Colorado Parks and Wildlife
1) Native Seed Collection	Vernal, Richfield, Moab, Cedar City, Escalante	State Office, Betty Ford Botanic Garden	State Office, Taos,	Safford, AZ Strip (DBG)	For CPNPP Reserch			Erigeron speciosus 2017 Priority Region 4	Cleaning, Testing, Curation										
2) Evaluation and Development	Fund UCEPC, USGS, NAU, Mayberry							Erigeron speciosus STZ development Priority Region 4			Provide small amounts of PLS upon requests	Native legumes							
3) Materials Increase (pre- or non-commercial)	Fund	Fund	Fund	Fund			Fund	Fund											
Certification & / or Testing									SOS tests										
4) Commercial Production	Fund via Contracts							Fund											
5) Materials Storage	Fund, BLM Seed Warehouse System	Fund, BLM Seed Warehouse System	Fund, BLM Seed Warehouse System	Fund, BLM Seed Warehouse System	Working CPNPP Storage		Fund	Fund	USFS Working,	Working Storage	Long-term and Working Curation	Working Storage	Working Storage	Working Storage	Ephraim Seed Warehouse				Delta Seed Warehouse
6) Restoration Activity	Agency Mission, WRI Partnership	Agency Mission	Agency Mission	Agency Mission			Agency Mission	Agency Mission							WRI Partnership				
7) Evaluation of Restoration	WRI, Rnge Trend, AIM														Range Trend Project				
8) Communication Outreach and Education																			
Pollinators	Seed, Fund	Seed	Seed	Seed				Seed, Evaluation, Gardens, Restoration		Evaluation		Evaluation	Evaluation						
Biological Soil Crusts	Fund Research				Research	Research	Research												

Partners	UCIA Utah Crop Improvement Association	State Seed Labs UT, CO, NM, AZ	SW Seed Southwest Seed, Inc.	Granite Seed	HMN High Mountain Nursery	Mayberry Rim to Rim Restoration	NAU Northern Arizona University & Museum	SUU Southern Utah University	RBG - UofU Red Butte Garden -University of Utah	Rio Mesa University of Utah	BYU Brigham Young University	CBG - NU Chicago Botanic Garden - Northwestern University	UP Uncompahgre Partnership	Tamarisk Coalition	SWSP - IAE Southwest Seed Partnership - Institute for Applied Ecology	CRC - TNC Canyonlands Research Center - The Nature Conservancy	Verde Friends of Verde River Greenway	Four Corners School	NFWF National Fish and Wildlife Foundation
1) Native Seed Collection						for local production and for some trials		In partnership with Richfield and Cedar City BLM Field Offices											Funding additional milkweed & nectar plant collections via grant to CPNPP includingGreat Basin Institute agreement, Foru Corners School, Southern Utah Univ, UP, Cara Gildar (SW CO)
2) Evaluation and Development								Green roof evaluation											
3) Materials Increase (pre- or non-commercial)						containerized production occurs now; increase/ pre-commericial is planned													Funded CPNPP
Certification & / or Testing																			
4) Commercial Production						Commercial production in collaboration with Wildland Scapes													
5) Materials Storage	Manage		Commercial	Commercial	Commercial	Commercial, Working	Museum					Curation and Research							
6) Restoration Activity						Planning and implementation on site and elsewhere												Canyon Country Youth Corps	Want to fund in 2017
7) Evaluation of Restoration						Vegetation response monitoring program at tamarisk and russian olive removal sites since 2007													
8) Communication Outreach and Education						Field work days with local and other groups		Program at Garth and Jerri Frehner Museum of Natural History; integration with genetics classes at SUU											Funded CPNPP
